Dear Mr. Costle:

On February 25, I sent to you a copy of the Regulatory Analysis Review Group's Report on the proposed effluent standards for the leather tanning and finishing industry. I believe that the Report addresses a number of generic issues that are relevant to the development of other industry-specific effluent standards. I enclose a copy of the Report and request that it be placed in the public record for the inorganic chemicals rulemaking.

Sincerely,

R. Robert Russell  
Director

Enclosure
